

WUSV/GSDL – British Regional Group

Press Release March 2013

The BRG are happy to announce the Top 10 Lists for 2012 based on the points system in operation during the year. It has come to our attention that there is a potential for our overriding objective that all dogs shown and achieving top honours at Regional Events should have good health test results could be compromised with the rules as they stood in 2011 and 2012 and so we are also happy to announce a new Annual Points Awards Scheme which not only harmonises the points to be in line with those awarded in the British Champion Title but also ensures that any animal appearing in the Final Top 10 will have satisfactory health tests* This new scheme will be operational for 2013 events and beyond.

* health test results which would allow it to pass a UK breed survey or SV Koerung.

7 th BELEZRA ICICLE	5
7 th VIDEX KOOKI	5
7 th JOZARER PRINCESS KAYLA	5

Certificates are being prepared and will be distributed as soon as possible.

Annual Awards 2013

The annual points have been changed as follows for all 2013 events.

All exhibits who will be 12 months or over by the 31st December 2013 will be able to be included in the Annual Points Award Scheme which will recognise the Top 10 consistently highly placed dogs.

Points will be awarded on the following basis:

VV1 (VP1) = 1 point.

SG1 = 2 points

SG2 = 1 point

V1 adult = 4 points

V2 adult = 2 points

V1 working = 5 points

V2 working = 4 points

VA1 = 7 points

All Other VA = 6 points

The grading is as important as the placing and an animal which is first or second in a class but does not receive the top grade possible for its age will not receive any points.

For final points and placings to be confirmed the health test results of each exhibit must satisfy the requirements of a UK breed survey or Koerung.

Owners have up to 20th February 2014 to submit health test results to the awards administrator, Carol Eastwood, for verification. In the event of an appeal of a health test result which has not been confirmed by 20th February 2014, the original score will be used for verification purposes. Any exhibit without confirmed satisfactory health test results by this date will not be included in the final listings for the year.

It is believed that these changes will address some of the problems in the early years of operating the annual awards scheme and will be used for future years. We will, however, review the scheme at the end of the year to ensure that it is complimentary to the BRG's aims and objectives and is meeting the expectations of exhibitors.

We look forward to seeing friends old and new at the exciting events we have programmed for 2013.
